A diagram consisting of two parallel horizontal lines. Twelve vertical lines intersect these horizontal lines, creating a series of 11 equal-width rectangular cells between the horizontal lines. The vertical lines extend slightly above and below the horizontal lines.

A grid consisting of 5 rows and 13 columns. The grid is formed by horizontal and vertical lines. A 5x5 area in the center of the grid is shaded gray. The shaded area is bounded by the second and sixth vertical lines and the second and sixth horizontal lines.
